**KENTUCKY REPUBLICAN PLATFORM.**

We are opposed to the free and unlimited coinage of silver, believing that it would involve the country in financial ruin. We believe in a sound currency and in the use of both gold and silver for coinage, provided always that a dollar in one is made precisely as valuable as a dollar in the other.  
 We favor a tariff so regulated as to protect the interests of all classes of our citizens upon articles that may be successfully manufactured or produced in this country, thus insuring good wages to the laborer and a home market to the producer; and in connection with this we favor the re-establishment of the doctrine of reciprocity. We believe that such a system will defray every Government expense, gradually liquidate all indebtedness, restore public confidence and relate to the rear the undue excitement now prevailing concerning the currency. In view of the past financial history of the Democratic party, its devotion to the old state bank system and wild tendencies, we affirm that the Republican party can be more safely trusted to regulate the financial system of the Nation.  
 We favor an American policy which will protect Americans and American interests in every part of the world at all hazards and will sympathize with struggling Republics rather than tyrannical monarchies.

**SENATORIAL DISTRICT CONVENTION.**

To the Republicans of the Thirty-first Senatorial District, composing the counties of Lewis and Mason: The District Convention to nominate a Republican candidate for Senator, to be held at the next November election, for the Thirty-first District, will be held at Maysville, on Saturday, October 12th, 1895, at 11 o'clock a. m. Each county will be entitled to one vote for each fifty votes and each fraction over twenty-five votes cast for the Republican candidates for President and Vice-President at the November election, 1896.  
 The Republicans of Lewis and Mason counties will assemble in convention in the respective counties on Saturday, October 5th, 1895, at 1 o'clock p. m., to select delegates to represent said counties at the District Convention to be held at Maysville, Saturday, October 12th, 1895.

The ladies God bless 'em, are with us. At the recent registration at Newport there were 333 Democratic females registered while there were 1,537 Republican females registered.

The Portsmouth Tribune says: "W. C. Payne, Route Agent of the Adams Express Co., is in the city and will investigate the claims of South Portsmouth to the appointment of an Agent at the South Side Depot."

A few nights since the nocturnal serenaders were out in full force in the Sixth Ward, and not content with discordant noises they set about destroying property in a manner that was outrageous. It is to be hoped the offense will not be repeated.

A compromise has been effected with Callettsburg, whereby permission has been given the Ashland and Callettsburg Street Railway to extend its line through the city. Part of the work will be completed at once. The quarrel has been on for the past three years.

Brown county Prohibitionists have nominated the following ticket:  
 Representative—J. A. Browning.  
 Auditor—Joseph West.  
 Treasurer—J. M. Evans.  
 Commissioner—W. S. Pickering.  
 Recorder—W. H. Hauck.  
 Infermary Director—J. M. Barnes.

There is a sad case of destitution in the Sixth Ward of this city that should be attended to immediately. A woman, barefoot and with hardly enough clothes on to wad a gun, with an infant, has been staying in an old house that isn't fit for a many dog, without any fire, food or bedding. This destitute creature was down town yesterday afternoon trying to sell a willow chair for 50 cents with which to get enough to eat to keep herself and child from starving to death. Isn't there some one in Maysville who will help this poor unfortunate creature?

The universal prevalence of scrofula is a fact well known to physicians. The only medicine that has hitherto proved a specific for this dreadful complaint is Ayer's Sarsaparilla, which expels every germ of poison from the blood. You cannot begin to use it too soon.

**IN MEXICO.**

**Possibly the Championship Fight May Take Place There.**

**Minister Romero is of the Opinion it Will Be Puled Off in Tamaulipas.**

There is No Law to Prevent it Within the Mexican Borders—Attorney General Harmon Says the Fight Can Not Take Place in the Indian Territory.

WASHINGTON, Oct. 4.—Minister Romero, of Mexico, speaking without official information on the subject, inclined to the belief Thursday afternoon that the proposed Corbett-Fitzsimmons fight might be brought off within the Mexican borders. If all parties concerned so agreed. The place said to have been selected is in the state of Tamaulipas, which touches the southern border of Texas on the Rio Grande and is convenient to the railroads. There appears to be no existing law that will prevent the fight there. Speaking of this possibility, Mr. Romero said that as a general proposition the various states of Mexico are independent and supreme over their own territory in regard to police regulations, the federal government exercising control only at the seat of government, the City of Mexico. Although he could not say so with positiveness, Mr. Romero was inclined to believe that the state of Tamaulipas had no law against prize fighting. President Diaz had been quoted as being opposed to the fight taking place in Mexico, but this opposition, as Minister Romero understands it, was restricted to the City of Mexico itself. Although the president had no authority over the state of Tamaulipas, any suggestion from him to the governor of that state, Mr. Romero thought, would have much weight. As to the main question whether or not the fight would take place on Mexican soil, Mr. Romero had no opinion to express.

Attorney-General Harmon says there is no probability that the Corbett-Fitzsimmons fight will occur in the Indian territory. The government will not sanction it, and should the attempt be made, troops, if necessary, will be called out to preserve order.

**SIBERIAN GOLD OUTPUT.**  
 WASHINGTON, Oct. 4.—United States Mint Director Preston Thursday received unofficial information from Russia to the effect that the gold production of Siberia would this year largely exceed the output of last year, when Russia produced \$25,000,000 of gold. Mr. Preston estimates the gold production of the world this year at more than \$200,000,000, and that of the United States at \$48,000,000, being an increase over last year of about \$8,000,000.

Will Assume Command of the Army Saturday—Gen. Miles Leaves for the East.  
 WASHINGTON, Oct. 4.—Gen. Thomas H. Ruger left Thursday afternoon for New York and Friday morning relieved Gen. Nelson A. Miles of the command of the department of the east at governor's island.

Gen. Miles will arrive at Washington late Friday afternoon and will assume command of the army Saturday morning. The ceremony will be very simple. It is expected that Gen. Miles will call on the secretary of war Friday afternoon if he arrives in time. Saturday morning he will step into Gen. Schofield's office on the first floor of the war department building and a few minutes later issue an order announcing the fact that he is in command and proclaiming the names of his staff officers.

Col. Henry C. Corbin, who has been assigned to New York as adjutant general of the department of the east, will not leave until the latter part of October. While Col. Corbin has lived in Cincinnati, San Francisco, Chicago and Washington, his residence has been retained in Cincinnati, where he is entitled to vote. He is a republican in politics and has voted but once in his life, but is paired at every election in favor of the republican nominee by order of the Hamilton county republican central committee.

**COTTON MILLS BURNED.**

**A Million Dollar Fire in a Rhode Island Town.**  
 PROVIDENCE, R. I., Oct. 4.—One of the most destructive fires that has occurred in this state in many years, Thursday evening destroyed the buildings constituting the mills of the Warren Manufacturing Co. at Warren, making fine sheetings and shirtings, and causing a loss of over a million dollars. Just how the fire started is not known, but an explosion is said to have occurred in the engine room. The fire broke out about 7 o'clock, and before the Warren Fire department could get water enough the mill was blazing fiercely. Aid was telephoned to Fall river and to this city, and from here two steamers were sent. The mill building including warehouses were totally destroyed, and a lumber yard adjoining was badly scorched as were the tenements. The disaster will throw about 1,600 people out of employment. Insurance so far as known is: On mills and machinery, \$850,000; tenements, \$100,000; warehouse and contents not known. The town is practically ruined by the fire.

**EUCCHARISTIC LEAGUE.**

**Resolutions to Cause the Veneration of the Sabbath Passed.**  
 WASHINGTON, Oct. 4.—The Priests' Eucharistic league ended its congress Thursday by the adoption of resolutions pledging the league to do everything in its power to cause the veneration of the Sabbath and endorsing the decree of the plenary council of Baltimore on that subject. The plenary council's decree urges pastors to secure the sanctification of Sundays, and specifies the opening of saloons as one way of its desecration. The resolutions which were presented by Rev. Walter Elliott, of St. Paul's church, New York city, chairman of the committee on resolutions, were adopted unanimously without comment. The only other important point dealt with was that endorsing Christian unity.
